Project LL-00052 "Extending the Baltic military heritage tourism product in Lithuania and South Latvia" (Military Heritage II) is being implemented with the support of the European Union Interreg VI-A Latvia-Lithuania Programme 2021 - 2027.

This publication has been produced with the financial support of the European Union. Its contents are the sole responsibility of the Military Heritage II project partners and do not necessarily reflect the views of the European Union.

When travelling in Latvia, Estonia and Lithuania, we invite you to visit military heritage sites that bear evidence of the period from the outbreak of the First World War in 1914 and establishment of all three countries' independence in 1918 to the present day. These include museums, fortresses, military equipment, trails, bunkers, battle sites, military towns, infrastructure, and memorial sites.

For more information, see the Military Heritage Guide and

WHAT IS INCLUDED ON THE MAP, AND HOW TO PLAN YOUR TRIP

The map features 240 military heritage sites: former military bases, coastguard structures, partisan bunkers, battle sites, museums, collections, exhibitions, monuments and memorial sites. The period of history that each site represents, as well as the title, address and contact information, are indicated. Several outdoor sites, such as battle and memorial sites and former military buildings, do not have an address or phone number which are therefore not listed. GPS coordinates have been indicated for all sites.

While planning a trip or during the journey, the website [www.militaryheritagetourism.info](http://www.militaryheritagetourism.info) will be useful for receiving more information on each place – historical descriptions, stories, historical and contemporary photos, tourist services and travel route suggestions. History enthusiasts will also find information on several less-known and less visited but historically significant military heritage sites in Latvia, Estonia and Lithuania.

When planning your trip, it is recommended to find out practical information, for instance, opening hours and services available in advance. A pass may be required to visit the Eastern Border Area. Guided tours or information stands may be available for military heritage sites that can be visited outdoors at any time.
